### Policy: Employment Standards

It is the policy Spokane County Fire District 8 that all members will act professionally and in the best interests of the District. The District has the right to expect our members to perform work assignments at an acceptable standard, be honest in all dealings with the public and other members, and ensure their conduct is consistent with the mission and the value statement of the District. The violation of this policy is unacceptable and may result in corrective action, up to and including termination.
