

# SPOKANE COUNTY FIRE DISTRICT 8

## Standard Operating Procedures

### 10.10.10 EQUIPMENT COLOR CODING

Adopted: 12/20/16  
Reviewed: 05/08/18  
Revised: 00/00/00

Approved:

A handwritten signature in black ink, appearing to read "Tony Harker", is written over a horizontal line.

**Purpose:** To outline the procedure to use colors in order to identify the station and apparatus for assigned equipment and tools.

**References:** N/A

**Procedure:**

1. All Fire District equipment and tools are to be color-coded to the station or apparatus they are assigned.
2. The following represents the color coding used within the Fire District:
  - a) Command Vehicle            White
  - b) Station 81                    Yellow
  - c) Station 82                    Red
  - d) Station 84                    Orange
  - e) Station 85                    Green
  - f) SU80                            Purple
3. After an alarm or training, all equipment shall be checked to make certain that all the necessary equipment is replaced onto the correct apparatus.
